I also consent to the presence of other medical and paramedical personnel, which may include medical and paramedical personnel participating in training programs through the Hospital's partnership with area training programs (for example, residents, nurses, CRNAs) during the operation, procedure, or delivery of services. I understand that my treatment is under the control of my attending physicians, their assistants or designees, and that they may utilize telemedicine or other electronic technologies to communicate or consult with other providers involved in my care. I understand that if I desire private duty nursing care, I or my family must arrange for such care, and the Hospital shall be released from any and all liability arising from such care. I understand that I will be asked to provide specific consent for certain diagnostic studies, surgeries or other treatment procedures. I understand that the practice of medicine and surgery is not an exact science, and I acknowledge that no guarantees have been made to me as to the results of care, treatment, and the provision of medical services. I understand that any licensed medical personnel involved in the operation, procedure, or delivery of services will act within the scope of their licensure.
